10.	Portfolio still works in Airplane Mode, and the device clock is visible	**Pass**
11.	Email, LinkedIn, and WhatsApp are labeled Needs a connection	**Pass**

All checks were run on the installed APK in BlueStacks, not in Expo Go or a web preview.

Comments

The physical phone runs an Android version that is too old to install this APK. Testing was done in BlueStacks App Player 5.22. Every check passed, including Airplane Mode.
